

MTH 3700 CHAINSAW

The **H Series** is Efco's entry-level chainsaw range, developed to provide an ideal combination of performance, reliability and value for domestic use and light agricultural applications.

The range now welcomes the new **MTH 3700**, the smallest and lightest model in the lineup. Designed for private users, it combines a modern design with durable, high-quality components to deliver outstanding cutting performance in its class.

H series

The new **MTH 3700** chainsaws, powered by a **35.2 cm³** engine delivering **2.1 HP (1.5 kW)**, have been developed to meet the needs of private users carrying out everyday garden maintenance tasks. Compact, lightweight and easy to handle, they are ideal for pruning, limbing and cutting firewood for fireplaces and wood-burning stoves. Their technical features are designed to maximize comfort and ease of use. The **anti-vibration system**, with **3 springs and 2 rubber mounts**, effectively reduces the vibrations transmitted to the operator, while the **multifunction control lever**, **side chain tensioner** and **Easy On starting system** make the chainsaw simple, practical and comfortable to operate.
